

ProMelt™

EXTREME

Professional Ice Melter, Professional Performance

ProMelt Extreme delivers the fastest ice melting action at temperatures as low as -26°C . This blend of magnesium chloride pellets and natural chloride complex melts fast and has long lasting residual effects.

**Safer for
Pets, Plants
and People**

ProMelt™

EXTREME

Features and Benefits:

ProMelt Extreme is specially formulated to melt snow and ice fast in the coldest of temperatures.

- Magnesium chloride pellet blended with multi chloride active crystals
- Effective at temperatures as low as -26°C
- Safer for pets, plants and people
- Long lasting residual effect reducing re-application frequency
- Better for the environment
- 100% natural

Sodium and Chloride Ion Reduction

	Rock Salt	ProMelt Extreme
Application Rate	288 g/m ²	57 to 76 g/m ²
Chloride Ion Contribution	138.3 g/m ²	35.9 to 47.8 g/m ²
Sodium Ion Contribution	89.7 g/m ²	18.2 to 24.3 g/m ²
Magnesium Ion Contribution	N/A	2.9 to 3.9 g/m ²

Product Application

When applying in general conditions, evenly sprinkle 1/4 to 1/3 cup of ProMelt Extreme per square metre for driveways and walkways. Melting begins immediately and continues longer than many other rock salt products. Shovel off slush. Thick accumulations of ice may require additional applications. For best results remove all loose snow from driveways and walkways before applying.
